### STRATEGIES

Begin formal training in classical dance.

Consider after gaining a foundation in classical dance move towards a particular style.

Join campus and community organizations dedicated to dance. Gain as much experience as possible through volunteering and seeking opportunities.

Prepare for professional auditions by participating in dance competitions and enrolling in training programs and workshops.

Rehearse regularly and maintain health and stamina.

Obtain formal training in vocal performance and drama.

Develop a broad understanding of music, literature, history, and other arts to give context for ideas and feelings to be interpreted in dance.

Understand opportunities are limited for full-time work and may require other jobs.

Consider completing a college degree to provide opportunities for additional dance related careers and intensive training as a professional dancer.

Prepare for working long and late hours since many rehearsals and productions are in the evenings.

Consider relocating to areas with higher concentrations of art and dance related employers such as New York City, Boston, Atlanta, Chicago, and Los Angeles.

For choreography positions, consider the following:
- Seek formal training and experience in dancing.
- Serve as choreographer for local dance schools, camps, and student performances on campus.
- Accumulate dance experience to build a professional reputation.
- Develop expertise in music, costuming, and staging.

GENERAL INFORMATION
- Because of keen competition in the field, dancers and choreographers often go through periods of unemployment. Develop other skills that qualify you for alternative work when between dance jobs.
- Dance is a physically demanding profession; many dancers stop performing in their late thirties and transition to other related fields.
- Perseverance, self-discipline, and patience are important traits to cultivate along with physical stamina and creative abilities.
- Learn how to deal with rejection and criticism as these can be common when auditioning for jobs.
- Join a relevant union or guild to be eligible for work assignments.
- Internships with dance companies or theater groups can provide experience and networking opportunities. The National Dance Association offers internships and volunteer positions.
- Some students may pursue the Master of Fine Arts in Dance to further their careers in performance or choreography. Others will earn a Master of Arts to pursue careers in dance history, dance critique, or arts management. The bachelor's degree can also serve as preparation for a variety of other graduate programs including law and business.
- Students pursuing a degree in dance may choose to work outside the field of performing arts. Many career areas, such as sales and management, are open to people from nearly any discipline if they have developed transferable skills and sought relevant experience. Learn how to discuss and demonstrate these skills to potential employers in interviews.
- Some niche areas exist within the dance industry such as dance notation and reconstruction which is typically done by freelancers or dance professors.
